SCHOOL PROFILE

Bethanga Primary School was established in 1877 and is located 30 kilometres from Wodonga. We have 35 students enrolled from foundation to year 6 and 8 staff members.

Our school is nestled in a rural area, and we are surrounded by a supportive community. Most students that attend our school live locally in Bethanga or Bellbridge. The majority of our students travel to school by bus, those able to walk. Students come from backgrounds that are predominantly English speaking and occupationally diverse. Bethanga Primary School has developed close ties to the local community, and enjoys support from the local shop, Men's shed and Landcare group.

The school community of Bethanga Primary School is committed to nurturing the individual strengths of students, thus enhancing their willingness to learn. The three-way partnership between students, parents and teachers is valued and encouraged as an integral part of the total learning process.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, academically, emotionally and socially.

When a student acts in breach of the behaviour standards of our school community, we will institute a staged response consistent with the Department's Student Engagement and Inclusion Guidelines. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by the school.

DISCIPLINE PROCEDURES – SUSPENSIONS AND EXPULSIONS

Suspension, expulsion and restrictive interventions are measures of last resort and may only be used in situations consistent with Department policy, available at:

- <https://www2.education.vic.gov.au/pal/suspensions/policy>
- <https://www2.education.vic.gov.au/pal/expulsions/policy>
- <https://www2.education.vic.gov.au/pal/restraint-seclusion/policy>

In line with Ministerial Order 1125, no student aged 8 or younger will be expelled without the approval of the Secretary of the Department of Education and Training.

The Principal of Bethanga Primary School is responsible for ensuring all suspensions and expulsions are recorded on CASES21.

Consequences which may be used prior to suspension include:

- Withdrawal of privileges
- Withdrawal from class if a student's behaviour significantly interferes with the rights of other students to learn or the capacity of a teacher to teach a class, that student may be temporarily isolated from regular classroom activities or, in more severe cases, required to leave the classroom for a specified period of time. Where appropriate, parents/carers should be informed of such withdrawals.
- Detention - teachers may require a student to finish school work that has not been completed in the regular classroom or to undertake additional or new work or duties at a reasonable time and place. No more than half the time allocated for any recess may be used for this work.

Where students are required to undertake school work after school, the time should not exceed forty-five minutes.

The principal should ensure that parents/carers are informed at least the day before the detention. Where family circumstances are such that the completion of after-school work would create undue hardship (for example, where students regularly supervise younger siblings in the absence of parents/carers), the school may choose to negotiate alternative disciplinary measures with parents/carers.

- Convening of a support group (See Effective Schools are Engaging Schools - Student Engagement Policy Guidelines for process required).

ENGAGING WITH FAMILIES

Bethanga Primary School values the input of parents and carers, and we will strive to support families to engage in their child's learning and build their capacity as active learners. We aim to be partners in learning with parents and carers in our school community.

We work hard to create successful partnerships with parents and carers by:

- ensuring that all parents have access to our school policies and procedures, available on our school website
- maintaining an open, respectful line of communication between parents and staff, supported by our Communicating with School Staff policy.
- providing parent volunteer opportunities so that families can contribute to school activities
- involving families with homework and other curriculum-related activities
- involving families in school decision making
- coordinating resources and services from the community for families
- including families in Student Support Groups, and developing individual plans for students.

EVALUATION

Bethanga Primary School will collect data each year to understand the frequency and types of wellbeing issues that are experienced by our students so that we can measure the success or otherwise of our school-based strategies and identify emerging trends or needs.

Sources of data that will be assessed on an annual basis include:

- student survey data
- incidents data
- school reports
- parent survey
- case management
- CASES21, including attendance and absence data
